## Hello, music friends!

The Introduction to Piano program prepares students to begin private lessons by developing foundational piano skills in technique, listening, rhythm, and basic notation. Understanding of musical symbols, notation, musical concepts, and vocabulary are incorporated in every lesson.

### Benefits

Creativity & Self-Expression

Concentration & Problem-Solving

Coordination, Confidence & Poise

Friendship, Fun & Relaxation

## Skills & Concepts

### Listening & Singing

Listening and singing examples include classical music, traditional songs, and original music!

### Keyboard Concepts

Students learn basic skills and concepts at the piano keyboard.

### Music Reading & Vocabulary

Stories & illustrations naturally lead students to reading simple music notation.

## Class Details

**5 week class**

The Introduction to Piano group classes run for 5 weeks, with one class per week. Classes are 45 minutes each.

**At-home piano required**

The purpose of this course is to prepare students for private lessons, so establishing an at-home practice routine is of utmost importance. Students must own a piano.

**One low price!**

Introduction to piano classes are only \$100 for the entire 5 week course. This includes:

- Meet the Music Friends workbook
- pieces to practice at home
- access to online course materials
- one student skill assessment

## Summer 2024 Dates & Times

Introduction to Piano classes meet once per week for 5 weeks. Choose one from the following class schedule:

- June 25 - July 25
  - Tuesdays at 3:00pm
  - Wednesdays at 6:00pm
  - Thursdays at 3:00pm

Because of the group nature of the class, classes require a minimum of 4 students enrolled before being scheduled.
